

## REMARKS

Claims 29, 30, and 32-41 are presently pending and have been allowed.

Examiner has suggested an amendment to claims 32-34. Assignee agrees to such amendment.

Assignee has amended the specification to include reference to related applications. Assignee is also filing an Information Disclosure Statement concurrently herewith that identifies "Video Display and Decode Utilizing Off-Chip Processor and DRAM", Application Ser. No. 10/725,974, filed October 31, 2003 (which claims priority to Provisional Application Serial No. 60/516,490), and "Buffer Descriptor Structures for Communication Between Decoder and Display Manager" Application Serial No. 10/914,808, filed August 10, 2004. Assignee respectfully submits that each of the pending claims are allowable over the foregoing applications.

For the foregoing reason(s), Assignee respectfully requests that Examiner pass this case to issuance.

RESPECTFULLY SUBMITTED,

Date 2/10/06
